

PRORUNNER® Mk5 Vertical Conveyor

The PRORUNNER® Mk5 vertical conveyor guarantees an uninterrupted product flow from one level to another. A patented cam follower system in this elevator features a shock free movement in which products are kept horizontal. This heavy-duty and well designed vertical conveyor is also deliverable in stainless steel and stands for reliability, low maintenance costs and a long life.

Key Components for material handling:

- Palletising Modules
- Vertical Conveyors
- Pallet Packaging
- Safety Fencing

Advantages of the PRORUNNER® Mk5

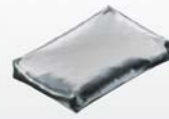

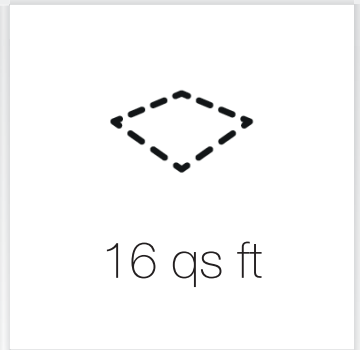

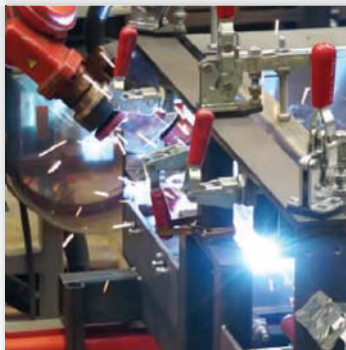

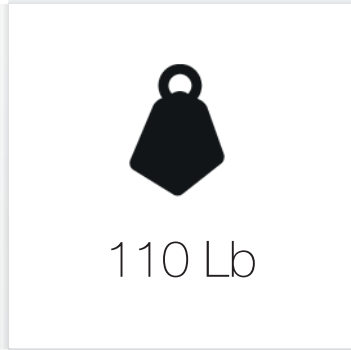

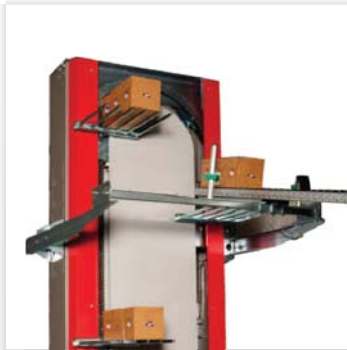

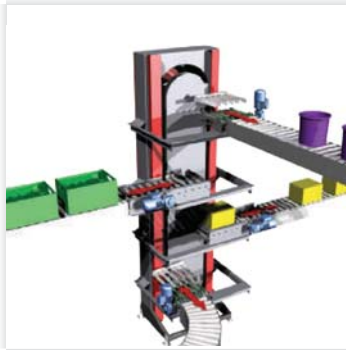

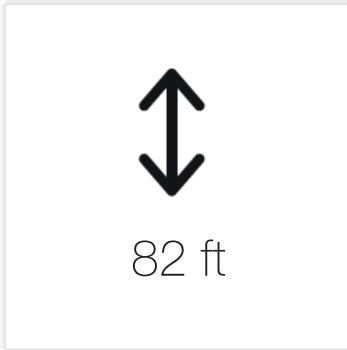

- Line feed and cross feed
- No start-/stop movements
- Easy access to product carrier
- Possibility for in- and outfeed on more than two levels
- Number of carriers provide capacity (not speed)
- Can be used as vertical sorter
- No critical product transitions
- Drive system is closed column
- C-lift or Z-lift line up possible
- Can be used as a cross transfer
- Both line and angle throughput possible
- Carrier remains horizontal

Key Components for material handling:

- Palletising Modules
- Vertical Conveyors
- Pallet Packaging
- Safety Fencing

Specifications		Basic model	Optional up to
Infeed	inch.	27	21
Outfeed	inch.	98	984
Capacity	p/hour.	400	2000
Product	L x W inch.	23 x 16	35 x 23
Weight	Lb.	44	110
